KASPER SPEAKS

John Kasper is a man whose name has become synonymous with courage and candor. He is a man who fears neither the lies nor the terrorism of the Jews. He has both suffered and sacrificed for our great racial ideals. Unlike the faith-hearted politicians of the old-party machines, John Kasper speaks out fearlessly for truth and against treason and treachery coated with the poisonous sugar of compromise.

Understanding the immediate and growing threat of the Jewish menace, Kasper has stated: "I am opposed to any nation that attempts to usurp American nationality and the Jews are nationalists of another country. Some of them have tried to do this and are trying to do this. Fortunately we are having a surge of American nationalism which will prevent this very soon."

Negroes are on the march all over America pushing, rioting, agitating against the rights of the White Race. The future of the Whiteman is at stake and most people are only today awakening to the danger which confronts us. Yet, almost ten years ago John Kasper was fighting to awaken the sleeping giant of white power." It is the noble whiteman who has given the Negro the benefit of white-organized Christian civilization and it is degenerates who have organized the Negro to destroy the White Race in America to establish world Communism" warned Kasper in the days when he stood almost alone against the Jew-led black tide.

But in spite of all, John Kasper is no pessimist who believes that all is lost. "I say that integration can be reversed," stated Kasper, "it can be stopped anywhere that an attack is made at every single level. What we are trying to do is regain local control of local affairs. You can hardly expect to have a choice between the hollow pumpkin on a pole who is in the White House and the man who ran against him in the national election -- two men, both of them dedicated to stupidity and treachery. The pressure has got to start from the people themselves at the bottom -- nowhere else."

John Kasper is the candidate of the White people and through his campaign this year the future destiny of our Race and Nation will be determined.

Kasper-Man Of Destiny

WHY WE BACK KASPER

We have had a few inquiries asking why we chose John Kasper as our candidate for President instead of one of the better known old-party politicians such as Thurmond. One such letter even stated that our ticket could not be considered any more than a "token slate" and could "not be taken seriously."

The contrary, however, is the case. For the first time a third party IS running a SERIOUS campaign. Other third parties content themselves by running old-party politicians every four years. The very fact that their candidates are members of the old and corrupt Democrat and Republican parties is enough to destroy confidence and respect within third party ranks.

These other third parties are merely "playing games." We of

the National States Rights Party do not believe that the struggle in which we are engaged is a "game." We do not believe that any old-party politician, or his corrupt party machine, or his philosophy of sell-out and compromise will ever carry out Race and Nation to the new national rebirth which we seek.

WE ARE RUNNING A SERIOUS RACE! John Kasper is a man who stands with our White Race in its struggle for survival and supremacy -- he is a man who stands with America and against Jewish Communism -- he is a man who takes this stand without compromise. He is not afraid to mention the race question or the Jewish question and he will never thrust the knife of betrayal into our back. John Kasper IS the candidate of our White America!

N.S.R.P. & Wallace Electors Work For Victory

Gov. George C. Wallace's campaign in the Democratic state primaries has had a tremendous effect throughout the nation. He has proved that the vast majority of the people both north and South are against the dictatorial Civil Rights Bill. Gov. Wallace has organized a slate of UNPLEDGED ELECTORS, which will most likely be on the ballot in Alabama, Mississippi, and Louisiana. This slate will definitely carry in those states. The National States Rights Party will co-operate with this plan and work for victory for these Unpledged Electors in these states. At the same time we will continue to work to place our Third Party, Kasper-Stoner slate on the ballot in many OTHER states both North & South. All need to realize that Gov. Wallace is running for President ONLY in the Democratic primaries to expose the evil Civil Rights Bill. He knows that this is a protest move and that Johnson will receive the Democratic nomination. GOV. WALLACE WILL NOT BE RUNNING IN NEXT NOVEMBER'S GENERAL ELECTION. At that time the National States Rights Party will step into the picture. We will then try and carry as many states as possible to work with the three states having unpledged electors. Gov. Wallace is not trying to form another third party. He has stated that as a Democratic Governor he must stay in that Party, but will work for the unpledged electors in the three key states of Ala., Miss., and La. We strongly support this, and will work to place a Third Party NSRP ticket on the ballot in as many other states as possible. If we are able to carry only a few states, and Gov. Wallace can carry his three Unpledged states, there is a definite possibility we can prevent both Johnson and Nixon (Probable GOP candidate) from being elected. In this way the NSRP and Gov. Wallace could throw the election into the House of Representatives where each state could dominate the election under these circumstances. The free states of the South and the West would then be in a position to select the next conservative president of the U.S.A.

The two old parties (Democratic and Republican) are run by the highly organized Jew-Negro politician machine. In their smoke

filled rooms they select the major candidates for us to choose from. THERE IS NO CHOICE BETWEEN TWEEDLE DEE AND DWEEDLE DUM! The big Jew political bosses like Artie Samish and Jake Arvey decide who we will vote for. The hold of the International Jewry on the old two o parties is so complete, that the only answer left for the Whiteman is a new third party. The NSRP fits the bill in every way. We are the 100% Whitemans party. Don't waste your vote on the two Jew-run parties, vote the Whitemans ticket, VOTE N.S.R.P.

Victory In Kentucky

The National States Rights Party is the only third party to qualify for a place on the 1964 Kentucky ballot according to the Kentucky Secretary of State, Mrs. Thelma Stovall. Our loyal petition workers throughout the state collected well over the required number of signatures in record time and the admiration and thanks of National Headquarters goes to them for a job well done. The petitions were filed at the State Capital in Frankfort on March 30 by a delegation of local citizens. Present for the filing ceremony were NSRP Vice - Presidential Candidate J. B. Stoner and THUNDERBOLT Associate Editor Jim Thornton. The people of Kentucky will now have a third choice in the November elections and can vote for the candidates of the White Race and against the sell-out traitors of the two old parties. As many more states as possible will be given this same choice.

N.S.R.P. TO REPRINT KASPER BOOK

Some years ago John Kasper wrote and published a book which exposes the crime of race-mixing and which proves that it is a Jewish-inspired scheme to destroy our race. The N.S.R.P. will soon reprint this excellent and brilliantly written booklet. Watch for news of it in a coming edition of THE THUNDERBOLT.

KASPER DEFEATS VICIOUS SMEAR PLOT

Lying Press Refuses To Correct False Story

On April 15th the Associated Press carried out one of the most libelous smear assaults ever made against John Kasper. There had been made a brazen attempt to frame Kasper in Nashville, Tenn., which has now backfired and has become a great victory for our side.

For some time John Kasper has operated an Independent Volkswagen Sales & Service Center in Nashville. There were two Negro cops on the beat where his shop was located. These cops had orders to watch Kasper and try and 'get' anything on him if possible. When Kasper received the nomination of the National States Rights Party, the pressure doubled to frame John Kasper.

The enemy is desperately afraid of the NSRP and John Kasper. They know that he is a tremendously effective speaker, and can move the great masses of our people against race-mixing and communism.

The two Negro cops assigned to watch Kasper were officers Crane and Booker. The first part of April, Kasper had made plans to move his shop to a new and larger quarters. As Kasper and his employees began the moving operation, the Negro cops kept close vigilance. They knew that if they were to be able to frame Kasper, it had to be soon, before he moved out of their police beat.

While the moving operation was underway, both the large front and back doors of the garage were open and neighborhood children were running and roller skating through the building. On April 11th the two Negro cops rushed into the building and complained about children playing in the large garage.

Then on April 14th, three days later, they returned and arrested Kasper and another man and charged them with contributing to the delinquency of minors!! They claimed they had investigated the case for several days.

KASPER WAS AT THIS TIME REMOVING THE LIGHT FIXTURES FROM THE BUILDING FOR HIS LAST TRIP BEFORE

CLOSING THE BUILDING. The Negro cops felt it was now or never for the frame up. THE ONLY REASON GIVEN FOR KASPER'S ARREST WAS THAT HE WAS PROPRIETOR OF THE GARAGE -- AS HE WAS NOT IN THE BUILDING, WHEN THE CHILDREN WERE PLAYING THROUGH THE GARAGE.

An honest and honorable Judge Brown Taylor on April 17th threw out the ridiculous charge against John Kasper. He found there was absolutely no basis for such an arrest. Atty. Jack Norman, Jr., of Nashville, represented Kasper.

IN THE COURTROOM WAS NONE OTHER THAN Z. ALEXANDER LOOBY, ONE OF THE LOCAL NAACP LEADERS. There can be no doubt that behind the scenes, strings were being pulled to try and make these vicious and lying charges stick against Kasper.

The most interesting part of this is the COAST TO COAST smear John was given when arrested, BUT ALMOST NONE OF THESE SAME NEWSPAPERS CARRIED THE STORY WHEN HE WAS FOUND INNOCENT.

This is how the press gives Patriots publicity. Anything that will help you or express your side of the story is suppressed. But any time they feel they have an excuse to smear you, they will leap at the opportunity.

Still, we have won a great victory over another enemy inspired frame up attempt. While most of the press failed to publish the truth that the charges were thrown out of court by the judge in this case, proves that this was a vicious smear frame up designed to hurt the National States Rights Party.

More and more people are turning to the NSRP every day and the enemy is desperate to destroy our growing influence with our White Folk. Tell your friends about this great victory over another obvious frame up. Tell them to subscribe and read THE THUNDERBOLT if they want all the truth and nothing but the truth -- so help us God!

John Kasper is highly popular with White people all over America. Because of his popularity and strength the Jews are attempting to smear him with vicious lies and rumors.

Let THE People Vote On Public Accommodations

There has recently been three votes in widely separated American cities on local Public Accommodations Bills. The people in the very liberal city of Seattle, Washington voted 2 to 1 against the bill on March 11th. The vote was 112,448 against public accommodations and 53,453 votes for. The bulk of this vote 'for' was made up by the heavy Jew, Negro and Asiatic local population.

Another very liberal city to recently vote down public accommodations Berkly, Calif., by a very substantial vote. It seems that when ever you go into liberal areas, and even into "High Society." You find people who backed race-mixing for the poor working people who are forced to live near Negro areas, take a much different view when it is their own neighborhoods which face the onslaught of the Black tide.

Just recently the race-mixers barely passed a public accommodations law in Kansas City, Mo., by the slim margin of 1,700 votes, and the Negro Community in a highly organized drive turned out some 26,000 Negro voters. This clearly proves that the large majority of the White citizens actually voted against public accommodations.

All of this proves that White Christian American citizens from coast to coast are against these Civil Rights Bills. Every politician who backs the anti-White Civil Rights Bill must be marked down in our book as for political extinction at the polls.

Many Senators readily admit that they know the people in their state are against the Civil Rights Bill, but they themselves "Know what's good for the country." Because the vast majority of White people in every state are against the public accommodations bills, we need to demand that Congress LET THE PEOPLE VOTE ON THESE DRASTIC DICTATORIAL LAWS. The politicians KNOW that we would overwhelmingly vote these communistic laws

FBI Too Big Says Hoover

Last Jan. 29, J. Edgar Hoover testified before a Congressional Committee and made some rather startling comments. He feels that the FBI is growing to big and getting out of hand. Many Patriots have been concerned over this fact for some time. The nation is faced with a possible dangerous secret police system run by LBJ and Nick Katzenback. (Many feel this Jew will be the next Attorney General.) The FBI works for the Attorney General and Justice Dept. THESE AGENCIES ARE TOTALLY PRO-NEGRO AND PRO-JEW BECAUSE THEY ARE FILLED WITH NEGROES AND THEIR JEW MASTERS FROM TOP TO BOTTOM.

Hoover states: "I think we are entirely too big today, bigger than we should be. I would have liked to see the FBI remain small; But that has been impossible because Congress has yearly enacted legislation expanding the investigative jurisdiction of the bureau." Hoover has long passed the retirement age, and the entire nation shudders as to which Zionist Jew will replace him? Just recently the Justice Dept., stated that the FBI will need \$20,000,000 more yearly to police the new Civil Rights Bill. In other words we are to have thousands of new FBI men out forcing us to hire Negroes, live with Negroes and let them move in with Whites through "public accommodations." If you don't like it, the FBI will come around to intimidate and frighten you into accepting the Negroes whether you like it or not.

WE OPPOSE A SECRET POLICE STATE IN AMERICA. WE DENOUNCE THE OUTRIGHT JUSTICE DEPT. PERSECUTION OF WHITE PEOPLE IN AMERICA. THEY ARE SEEKING TO SET UP A COMMUNISTIC RACE MIXING DICTATORSHIP IN AMERICA AND WANT TO DESTROY EVERY AMERICAN WHO DARES TO SPEAK OUT AGAINST THEIR SATANIC DEMANDS. JOIN WITH US TO CRUSH AND DRIVE OUT THESE TYRANTS, WE ARE A FREE PEOPLE AND IT WILL BE OVER OUR DEAD BODIES THAT WE WILL EVER ACCEPT SLAVERY TO THE JEWISH RACE-MIXERS. LONG LIVE AMERICA AND THE WHITE RACE WHICH CREATED HER. DOWN WITH THE RACE MIXERS.

down.

Therefore they sit in Washington listening to the voices of their masters. International Jewry and allow their very souls to be corrupted by the political machine that put them in office in the first place.

WRITE YOUR CONGRESSMAN AND SENATOR TO STOP TRYING TO FORCE RACE MIXING LEGISLATION DOWN THE THROATS OF OUR FREE PEOPLE. GIVE US THE RIGHT TO VOTE UPON THIS LEGISLATION. Let the voices of the people rise up all over the land against this new TREASON which would make us slaves of the state. KILL THE DESPOTIC CIVIL RIGHTS BILL.

Dr. Goldman Named "Jew Of The Month"

Air Force Wife Takes Stand Against Doctor

Fort Dix, N.J., March 12 (Special) — The stately blonde wife of a retired Air Force officer testified today that Army Dr. Eugene Goldman tried to rape her after giving her an injection that made her feel "completely doped."

Mrs. Conner B. Tilton, 48, of South Toms River, told a court-martial board that Goldman took off her skirt and undergarments in a hospital examining room March 12, 1963, and "pushed me down."

Tells of Injection
She said she began feeling

numb after he gave her an injection and that Goldman lowered lights in the examining room and "began to fondle me."

She said, he was interrupted by a knock on the door.
Goldman is accused of attempting to rape Mrs. Tilton, mother

of three, and of raping two servicemen's wives. Goldman, 30, ex-chief of the urology section at Walston Army Hospital, has pleaded innocent to all charges.

Male Sperm Found

Another witness, Maj. Douglas Martiz, said specimens taken from a woman Goldman allegedly raped were found to contain male sperm. The woman, 27-year-old Mrs. Barbara Hundley, is the wife of an Air Force sergeant.

Martiz, former chief of laboratories at Walston, said the male sperm could survive only 10 to 12 hours. They were taken from tissues Mrs. Hundley said she had used to prove she was sexually assaulted.

John R. Anderson, chief chemist of the New Jersey State Police in Trenton, testified he agreed with Martiz.

Goldman, formerly of Vernon, Conn., faces a maximum term of life imprisonment if convicted of the charges.

Proof Oswald A Communist Agent

I would like to speak on a subject that has been in the headlines of the world's press since that black Friday, November 22, 1963. That day, sometime after noon, I was shocked to hear the news about President John F. Kennedy's assassination. Minutes later the radio reported that a young man had been arrested, I was having a late lunch at my home when I heard over the radio that this young man had been identified as Lee Harvey Oswald. That was a luncheon I never finished.

When I heard the name "Lee Harvey Oswald" I jumped out of my seat and ran to the telephone. I got in touch with the F.B.I., the United Press, the Associated Press and the local newspapers in New Orleans, telling them who Oswald was. I also got in touch with several other people who, like myself, had met Lee Harvey Oswald in New Orleans.

Before leaving my home that afternoon of November 22, I made a mental recollection of the situation.

I decided to give all the information I had to all of those who wanted it without accepting any recompense for it. Undoubtedly, the Cuban organizations in exile, in general, and in particular the Cuban Student Directorate, which I represent, need money to fight against Castro. But the money we could have received at that time was due to one of the greatest tragedies that the noble people who had so generously given us asylum ever experienced, the murder of their young President at the hands of an agent of Fidel Castro.

There may still be many Americans who in good faith doubt that Oswald was an agent of Castro and think that he was a lone individual who acted on his own. I would like my word to reach those who still doubt in good faith. Those who in bad faith go around spreading doubts, I am not interested in reaching. But, I wish that all of those who still doubt in good faith were here at this moment because there is one thing before which good faith must yield and admit the truth, and that is the solid facts already registered by history.

On August 2, 1963, I received, in the store that I manage in New Orleans, the visit of two friends of mine who informed me that there was a training camp a few miles outside of New Orleans sponsored by another Cuban organization. They also informed me of the fear they had that a Castro agent could be infiltrated in that training camp. According to them the agent was a former Cuban newspaperman called Fernando Fernandez Baroenas. I communicated this fear to the Cuban Student Directorate headquarters in Miami.

Three days later, that is, August 5, I was in my store talking with an American student about Cuba and Castro when a young man approached us and, after looking around several articles, became very interested in our conversation.

He told us his name was Lee H. Oswald and expressed his disgust with Castro and communism. After talking for about an hour, he asked me for some English literature against Castro. I gave him some copies of the Cuban Report. During our conversation, he showed interest in knowing about our plans to fight Castro and especially on my duties as

delegate of the Cuban Student Directorate in New Orleans. He told me that he had been in the Marine Corps and was willing to train Cubans to fight Castro. He also said that he was willing to go himself to fight Castro. Something at that moment made me extremely cautious. I remembered the training camp a few miles from New Orleans.

I turned Oswald's offer down saying that in my duties I was concerned only with the information field and not in armed activities. Oswald insisted and even tried to offer me money which I refused. When we continued our conversation he offered to bring me a book which would help to train Cubans. I want you to notice this special interest of Oswald in helping me to train Cubans at a time when there was a secret training camp just a few miles from New Orleans, and fear existed that there was a communist agent infiltrated in it.

The day after this interview that ended without any interest from my part since I did not trust Oswald, he brought the book he had offered. It was "A Guidebook for Marines" with the name L. H. Oswald printed in the top of the first page.

On August 9, around 2:00 p.m., a friend of mine, Celso Hernandez, told me that there was a man in Canal Street with a sign that read "Long Live Fidel" distributing some literature about Cuba. He did not know what the literature said because he did not speak or read English.

Along with another Cuban friend, Miguel Cruz, we went to the place where this man had been seen. Unfortunately, we did not find him. So we decided to take the Canal streetcar along that avenue and search for him. We failed to find him and I decided to return to my store. But, five minutes later my Cuban friend, Miguel Cruz, ran into the store to tell me that the man with the sign was in front of the seven hundred block of Canal Street.

When we got there I was shocked to discover that the young man with the sign that read "Long Live Fidel" was none other than Lee H. Oswald, the same man who had offered his services to train Cubans in the fight against Castro. As soon as he recognized me he was also shocked for a few seconds. Then he smiled and offered me his hand. I refused his handshake and called him a traitor and an agent of Castro. When he saw my attitude he ignored me and continued distributing his pro-Castro propaganda. They were leaflets of the Fair Play for Cuba Committee, New Orleans Chapter, and a booklet by Corliss Lamont entitled "The Crime against Cuba."

It was around 3:00 on a Friday and a big crowd gathered around us to watch what was going on. When I saw that there were more than one hundred persons around us, I stopped accusing Oswald and told the public there that Oswald had tried to infiltrate the Cuban Student Directorate, that he was a Castro agent and that he was trying to do to them exactly what they did to us in Cuba -- kill them and send their sons to the execution wall. Those words impressed the public and immediately they started to shout at Oswald: "Communist," "Go to Cuba," "Kill him," "Traitor" and some other phrases I couldn't repeat here.

The scene was becoming more

STUDENT
DIRECTORATE"

and more violent. One policeman came to me and asked me to keep walking and to let Oswald distribute his literature. He was an agent of the law asking us to put an end to the scene and in a few seconds I remembered my relatives murdered in the fight against communism in Cuba; I remembered the faces of my old friends who now are in the prisons of Fidel Castro, and I remembered the thousands of young Americans who had been dying in the fight against communism in Korea, Laos, Viet Nam and Cuba. I thought it was neither just, human, nor patriotic, that at the same time that they are fighting far from their homes, we would have to admit here in the rearguard that communist agents will try to crack the foundations of freedom and justice that had made this country the leader of the Free World. I didn't obey that order from the agent of the authority because I wanted to have my conscience clear and I liked to return later to my home and look directly at my son's eyes.

When my friend Celso saw my decision, he took the literature that Oswald was distributing and broke it, and threw it in the air. At that moment one of the Americans who was watching the scene pushed Oswald by one arm. I tried to come near to Oswald to hit him, but when he saw what were my intentions, he put his arms down as an X and told me, "O.K., Carlos, if you want to hit me, hit me," and put his face in the right way to receive a hit. When I saw the cold blood that Oswald was showing I decided not to hit him because I understood he would like to appear as a victim. At that moment two patrol cars arrived and the policemen brought us to the First District of Police in New Orleans.

And, it is there in the First District where Oswald showed another time his extraordinary cold blood. He showed his credentials as New Orleans Chairman of the Fair Play for Cuba Committee, and at that moment I discovered something really interesting. The yellow literature that Oswald was distributing in Canal Street was signed by A. J. Hidell. Later, in November the police found that the rifle that killed President Kennedy was bought under the name of A. Hidell.

Before we left the First District we received a citation to appear at 12:00 on August 12 at the Second Municipal Court. During the trial, I showed the Judge the "Guidebook for Marines" that Oswald gave me, and explained

that the one who created the incident was Oswald when he tried to infiltrate the Cuban Student Directorate. The Judge dismissed the charges against us and fined Oswald \$10.00. That day, August 12, 1963, was the first time the television showed Oswald's face to the New Orleans citizens.

The next day I was contacted by newsman, Bill Stuckey, who was trying to find Oswald's address. I gave Stuckey the address but I asked him why he was looking for that. Bill told me he wanted to make an interview with Oswald. Another time I found myself confused. I asked Bill why he would give the chance to a communist to go on a radio program to tell all his lies when in the countries ruled by communism they don't permit the ones who love freedom and democracy to do the same. Bill offered me the chance to make another program interviewing me. Another time I turned down the offer but when I was sure that Stuckey would do something anyway, I asked him to arrange a public debate. A few days later Stuckey advised me that the debate would be held at WDSU Radio on August 21.

On August 16 Oswald made another public demonstration -- this time in front of the International Trade Mart, now in company of two other persons. Another friend picked up one of the leaflets, this time signed by L. H. Oswald, 4907 Magazine Street.

I asked my friend to go to Oswald's house posing as a pro-Castro and try to get as much information as possible from him. That night my friend visited Oswald in his house and was talking to him for about one hour. I cannot reveal my friend's name because he has his family in Cuba. At the beginning Oswald was cautious but later he became more friendly. He gave my friend an application to become a member of the Fair Play for Cuba Committee. During the conversation Oswald's daughter came to the porch and Oswald spoke to her in Russian. When my friend asked about the language, Oswald told him that he was studying Russian at Tulane University. In that conversation Oswald tried to justify Fidel Castro's position and he said that if at any moment a fight would start between the United States and Castro, he would help Castro because Castro was right.

On August 21 we went to WDSU Radio to debate against Oswald and his Fair Play for Cuba Committee. Before the debate started I tried to be as friendly to Oswald as I could. I told him that if at any moment, even if it was at midnight, he started to do something good for his country, for his family and for himself, he could come to me and I would help him. Oswald, extremely calm, assured me that he was convinced he was doing the best and that his side was the correct side.

During the debate, one of the members of the panel, Ed Butler, Executive Vice President of the Information Council of the Americas, destroyed Oswald completely when Butler showed Oswald's past and his attempt to renounce his American citizenship to obtain Soviet citizenship. At the debate Oswald again showed his extraordinary cold blood.

In one of my two questions to him I asked Oswald if he agreed with Prime Minister Fidel Castro when in his last speech on July

26, 1963, Castro qualified President John F. Kennedy as a ruffian and a thief. Oswald answered that he didn't agree with that particular wording, which means that he agreed with the qualification but not with the phraseology. After the debate I gave a press release explaining our conclusions about it and in it I asked the citizens of New Orleans to do some things that I believed fundamentals at that moment:

FIRST: Help us destroy communism in Cuba.

SECOND: Write your Congressmen asking for a full investigation on Mr. Lee H. Oswald, a confessed "Marxist."

THIRD: Be alert about the communist infiltration in this country because Khrushchev said, "I will bury you."

Unfortunately, and to the best of my knowledge, nobody published my press release or my suggestions. I wrote to the headquarters of the Cuban Student Directorate telling all that happened and advising them that Oswald would have to leave the city because he was completely destroyed in New Orleans.

In accordance with the communist tactics, "Oswald had been burned in New Orleans" but as he was a valuable agent inside the apparatus they would send him to another city to use his services.

Is it possible to believe that a person could be qualified as a lonely nut who, after spending three years in Russia would return disillusioned and become a defender of Fidel Castro, who would even try to get all the information possible about the Cubans in exile in New Orleans and would try to infiltrate an anti-Castro organization? Could he be qualified as a lonely nut? He could be a nut, but not a lonely one because he was a member of the international movement of nuts who are trying to destroy the western civilization.

There are some people who said that Oswald was not a communist because he had been disillusioned by Russia and that he did not defend Russia, but Castro. Very well, But, what is Castro? Castro is the beachhead of communism in the Western Hemisphere and while he is not the only one because there are now other beachheads, at least he is the most vigorous and the only one in way of consolidation. Oswald did not have to defend Russia. He only had to defend Castro until he became so strong that the United States would not have any other alternative than to co-exist with him.

There are some people who are asking... what were Oswald and Castro looking for with Kennedy's assassination? About this, there is one answer divided in two parts: (1) With relation to Cuba (2) With relation to the internal front of the United States.

WITH RELATION TO CUBA: Kennedy could no longer admit Castro's presence in Cuba. There was coming the electoral campaign and everybody knew that Kennedy's opponents, not only outside his Party, would start a tremendous campaign using Cuba as the center of it. Kennedy was conscious of what was coming and many people were expecting something to happen before the elections that would rehabilitate Kennedy's prestige and make him
